

PAIR OF NEW PLAYERS FOR LOCAL TEAM

Martinke and Gill Signed by Miners to Hold Central Field and First—Graham on the Job

Two new players were added to the roster of the local club by Captain Harry Graham yesterday. They are Martinke, an outfielder, and Roy Gill, infielder and hurler. Martinke hails from Los Angeles, and if Captain Harry hasn't been handed a bum steer this Martinke is a peach-erino. He is at home in center just where the locals need to plug a gap and it is believed he will deliver the necessary and become a great successor to Dalrymple.

Gill is a coast boy who was kidnapped at El Paso and shoved into action by Graham, but he did not cause any heart prostrations, principally because he always met himself returning, owing to excess baggage. However, for the past few days he has been travelling over the future course at the Juarez race track, near the Pass City, and swears by the ten gods of war that he'll be a regular wrist slapper with a little more Marathoning in the highlands of Bisbee. Gill was tried out by the Philadelphia Nationals this year, but failed to make good.

Captain Graham is confident that both men will make good. He is anxious to see Gill round into shape because the ex-big leaguer can be used as a running mate to Marshall and Cummings should the latter show any signs of distress and he can also be used at first. Several other like candidates are being kept under cover and Graham is making every effort to put Bisbee on top, and has the fans with him. It is sincerely hoped that the public will appreciate his efforts. Of course he won't be able to make champions of them all but give him a little time and encouragement and we'll have more excitement down at Warren than you could expect at a necktie party.

DOUGLAS GOLF

DOUGLAS, Aug. 31.—(Special)—The golf season of 1910-11 will open on Sunday. During the heated summer months the driver and putter, milder and masher, creak and brassy, loiter, jigger and nibble have been laid away by most of the players, but the time has now come to take them from concealment, dust them off and polish them up with sand and emery paper and to prepare for the winter campaign. The shout of "fore" and doubtless many other words included in the golfer's vernacular (and other vernaculars as well) will be heard on the links and afterwards the players will gather around the nineteenth hole and learn how it happened, how "I under-bogged six holes and bogged two others, but lost my ball in the rough and so did not break the record." From now on interest will revive in ye ancient Scottish game, practice will go on and the team will make ready for the championship match with El Paso, which is to be played in October, over the El Paso Country club course, the matches with Warren and the return match which the Pass City players will play in Douglas for the cup, emblematic of the championship of the Southwest.

The sports and pastimes committee announce that Sunday will mark the opening of the fall and winter season in golf at the Country club. They have arranged a feature for that day and urge every player to turn out and add to the success of this opening day. Six prizes will be presented. The player with the lowest 18-hole medal score will receive a box of golf balls, the sixth, eleventh, sixteenth and twenty-first players in the order of their scores, as turned in, will each receive a golf club and the man with the high score will receive a box of chewing gum to take away any bad taste that may be left in his mouth. The first eighteen holes of the day must be turned in to count, and no practice rounds will be permitted. It is the earliest scores the players make on Sunday that will count in the competition. So all together ye merrie golfers.

MOCTEZUMA HAS A DULL SEASON

MINES, BANK AND HOTEL HAVE SHUT DOWN FOR THE PRESENT

R. S. Vickers of Moctezuma was in Bisbee last evening from the Altamira district where he has been inspecting the placer ground. He stated that there are now about twenty-five of the Quinnes machines on the ground in the district but because of recent rains the machines are not operating as they cannot be used when the ground is wet. The recent rains have soaked into the ground and until it dries the machines must stand idle.

When asked about the conditions in Moctezuma, Mr. Vickers stated that it is very dull and that all of the big properties that were in operation a short time ago have shut down. The bank in Moctezuma has gone out of business, also the largest mercantile establishment and the hotel.

Vickers said that the town had been expecting the Yaqui River extension of the S. P. Mexican lines, and that when it became known for certain that the road would not be constructed for some time, a general depression in business resulted.

NEW MUSICAL SHOW COMING

Pretty girls, pretty costumes, catchy music and new scenery will make up an important part of the Frank Rich company that starts an engagement at the Orpheum Theatre, Sept. 8. Coming here as it does after a most successful season of success in El Paso, Tucson, Phoenix and Globe, there is no doubt that this clever aggregation of players will make good, for they have everything necessary to do so. Mr. Rich claims that he has the best equipped show that has ever played at popular prices, and the business done in other cities is perhaps the best proof that he knows whereof he talks.

A great deal of comment has been given this company on account of the electrical effects, and the company comes here with the entire equipment, requiring a special car to move it. There will be two shows nightly and prices will be 10, 15, and 25 cents.

NEW SCIENTIFIC PROCESS

A Preparation Discovered that Will Destroy the Dandruff Germ

For some time it has been known that dandruff is caused by a germ that digs up the scalp into little white flakes and by sapping the vitality of the hair at the root causes falling hair, and of course finally baldness. For years there have been all kinds of hair stimulants and hair tonics on the market, but there has been no permanent cure for dandruff until the discovery of a preparation called Newbro's Herpicide, which destroys the dandruff germ. Destroy the cause, the effect will cease to exist. Kill the dandruff germ and you'll have no dandruff, no itching scalp, no falling hair. Sold by leading druggists. Send 10c in stamps for sample. Took His Money. It was reported to the officers by Mike Bello, at the time his wife eloped with Saladore Di Paulo, that she had also eloped with his savings which amounted to about \$500. She left a note for him in far away and that she did not want to be followed by him. Mike is on her trail now and he wants his money back.

Soon to Move.

The Citizens Bank and Trust company will be in its own quarters in its new building by Tuesday morning unless some thing unexpected happens. The bank will be moved Saturday and Monday, and as Monday is Labor Day there will be no business to interfere with getting organized in the new quarters completely, so that by Tuesday everything will be in shape for operations.

Wanted Here.

Deputy Sheriff Will White went to Tucson yesterday to return Will Martin a local boy, who is charged with embezzling a shot gun. It is said Martin borrowed the gun from the U. S. loan office and failed to return it. It is expected the case will be compromised when called to trial.

Miss Cleary Entertains

Miss Nellie M. Cleary of Warren entertained a number her friends last evening at supper, the occasion being her birthday. Among those present were Margaretta Grebe, Hildergard Grebe, Roland Grebe and the brother and sister of the little hostess. The young people spent the evening playing games and all enjoyed a most pleasant evening.

Credit System Ends

The credit system in vogue at the Copper Queen store for the employees of the S. & P. Shattuck-Arizona, Denn Arizona and C. & A. mine companies ceased to exist after midnight last night. Heretofore the mine companies collected accounts of the workmen for the store. The C. & A. and S. & P. people will advance funds to their Mexican employees and have set aside a special day for this.

Thinks We Could Beat 'Em.

"I believe southwest Arizona possesses many better riders and ropers than I saw at Denver," said E. A. Farinighy, of Cananea, who was in Bisbee yesterday on his way home from Denver where he attended the "frontier celebration" at which Col. Theodore Roosevelt was the guest of honor. Mr. Farinighy stated that the contestants were heralded as champions in their class, but he does not think they can compare with the cowpunchers of this section. He says the celebration was one of the greatest events he ever witnessed, but was sorry to see that Arizona was not represented in the contests.

SANITARY INSPECTOR NOTICE

To all property owners and agents you are requested and notified in conformity with Section 1 of Ordinance No. 149, to connect with the city sewer by October 1st, 1910. Failure to comply this notice is a misdemeanor under the provisions of said ordinance.

E. A. WITTIG, Sanitary Inspector, City of Bisbee.

Faker Moves On

City Marshal Watkins found a seedy looking individual attempting to sell fake jewelry on the streets yesterday. The peddler was given a hint that Bisbee is not a good market for his class of merchandise and that fifteen minutes was long enough for the faker to remain in town. He took the marshal's advice and left. He is believed to be one of the gang that recently worked Douglas with a quantity of imitation jewelry.

Taken to Jail

Deputy Henry Hall of Lowell took Felix Garcia to Tombstone yesterday where he will be held until the grand jury meets. Garcia was bound over for stabbing another Mexican at Tintown last week.

Will Build Residence.

J. C. Chapman has let the contract for the construction of a four room cottage on his lots in Warren.

Selling for Creditors

The assignee of the Bisbee Commercial store has begun the sale of the stock for the benefit of the creditors of this institution. The whole stock is to be sold out either at wholesale or retail. John Sugich, the former proprietor, stated yesterday that he expects to be able to pay all his obligations dollar for dollar.

Guild Meets Today. St. John's Episcopal Guild will meet 2:30 p. m.

Gets 75 Days

Charles Pott left last evening for Douglas where he and his partner erected the new county hospital. Before leaving Pott stated that there is no reason to believe that the board will reject the building at the meeting Monday. He said that the reports that the construction was faulty, due to the workmanship, are untrue as the contractors followed all plans and specifications to the letter.

ROBERTS DECLARES PROSPECTS GOOD

CANDIDATE FOR DOS CABEZOS SAYS PEOPLE LIKE THE DEMOCRATIC PLATFORM

Charles Roberts, the democratic candidate for delegate to the constitutional convention from Dos Cabezas, left yesterday for Douglas, where he expects to stop over for the Pirtleville rally tonight. In speaking about the political situation in his part of the county he stated that it looked very good for the democrats at the coming election. The people with whom he has talked are pleased with the democratic platform and the candidates selected at the convention to run on it.

Mr. Roberts' home is not far from the big marble quarries that were recently opened by Denver capital in speaking about this new industry. Mr. Roberts stated that the company is now making regular shipments of marble and is hauling it to the railroad by big traction engines. As to cattle, Roberts said that the loss in the northern part of the valley has been small, while at the southern end there has been a big loss. He added that if there is not more heavy rains very soon the loss this coming winter will be very serious.

RECORD SMASHED

READVILLE, Mass., Aug. 31.—Col. orado E. the bay horse owned by George H. Estabrook, of Denver smashed the world's record for 3-year old trotters today in the grand circuit meeting, lowering the time of 2:06 3/4, made by General Watts at Lexington, Ky., in 1907, to 2:06 1/2.

The Charm of Enthusiasm.

Have you ever realized what a charm there is in enthusiasm? Life is so often monotonous that we like occasionally to be awakened up with interest, and the person who is radiant over small things is always a delight. The girl who carries enthusiasm into her work as well as into her play will find that she holds a winning card. Work that is done for the "joy of working" is likely to be well done. Lack of interest makes for dull routine, remarks a writer. It brings discontent, and often failure. The men who succeed are the ones who can inspire both themselves and others by their magnetic personality, and there is nothing so magnetic as enthusiasm. People will follow us, like us and admire us if we have it. It is worth cultivating if it is not natural endowment.

Pleasantness a Tonic.

Don't be afraid of being pleasant. It cannot hurt you and will be as good as a tonic for all you meet. What though you do think yourself superior to most of your acquaintances. Is it good taste to placard your belief by a freezing countenance? There is nothing like affability to conceal one's family skeletons. A haughty manner is a direct bid for the rest of the world to rake up ancestral secrets that you thought buried.

WATER SUPPLY MENACED

CARSON, Nevada, Aug. 31.—The flames which carry Virginia City's water supply were badly damaged today by a brush fire, which swept two miles of area, despite efforts of a large fighting force. The pumping plant will be able to continue operations, but the water supply will be somewhat short. About half a mile of flume was destroyed. The fire has been checked and most of the fighters are engaged in repair work to prevent a water famine in the camp.

WILHELMINA IS 30 TODAY

THE HAGUE Aug. 31.—All Holland was on fête today in celebration of the thirtieth birthday anniversary of Queen Wilhelmina. Congratulatory messages from all parts of the world were received and during the day delegates from all over the kingdom congregated about the royal palace and cheered the queen and the baby princess, Juliana.
